Qingdao Bioborn Packaging Co.,Ltd

Profile

Headquartered in the lovely city of Qingdao, Qingdao Bioborn Packaging Co., Ltd has emerged from the fierce competition and firmly positioned itself as the leader in the biodegradable and compostable packaging industry.

Founded in 2012, our company has specialized in production of biodegradable and compostable packaging products. We have dedicated resources through our investment in R&D to deliver innovative and quality-driven packaging solutions. Our mission is to provide the best packaging solution to our partners. Since 2018, our vision has been echoed by many countries which have joined the movement to ban the use of plastic packaging.

In June 2020, Qingdao Bioborn Packaging Co.,Ltd invested 15,000,000 RMB in Qingdao Zhoushi Plastics Co., Ltd Holding 45% shares. From July 2020, Zhoushi has focused on R & D and production, while Qingdao Bioborn focused on sales and marketing .

Adhering to the concept of environmental protection, the company is committed to the sustainable development of the ecological environment. We have successfully developed fully biodegradable materials and products suitable for the packaging industry and catering supplies. Responding to waste classification, promoting the reuse of resources, and providing nearly 50 cities nationwide in total. Advocating food safety, we established long term cooperative relations with various domestic and international large food enterprises, and actively develop food-grade biodegradable products. Insisting of science and technology first, Origin Vritway has invested ten million RMB to support research and development and hold dozens of domestic and foreign partners.

For a better future, we will work with you to fight for a better and healthier world.
